

FAIR OFFICIALS CENSURED BY SPECIAL FAIR COMMITTEE

In Report Submitted to Executive Committee Last Night for Mismanagement of the Late Fair.
Some Statistics of Interest to Public.

The executive committee of the twenty-fifth annual territorial fair met last night pursuant to previous announcement, to hear and discuss the report of the special investigating and auditing committee recently named to inquire into the management and the surprising deficit of the late fair.

On the roll being called the following members answered: "present," W. H. Greer, president; George Arnot, vice president; Colonel D. K. B. Sellers, secretary; J. B. Herndon, treasurer; and O. N. Marron, N. Nash, D. A. Macpherson, Felix H. Lester, H. Briggs, W. T. McCright, George Larnard, P. F. McCanna, Joseph Barnett, Maynard Gussell and H. Scott Knight. F. A. Hubbell appeared later in the evening.

A motion prevailed, which was seconded, that the report of the special committee be submitted and the secretary of that committee, Mr. Lester, then read the report, which was unanimously adopted without debate by the members.

After some remarks by the president, and inasmuch as the committee desired to have the findings considered separately, a motion was made and seconded that the motion to adopt the special committee's report be reconsidered, which motion was carried.

A general discussion then followed the reading of each finding, and to say that the debates were animated puts the words too mildly—they were red hot.

With the exception of two or three words, and the changing of one or two sentences, which changes did not in the least affect the report of the special committee, each finding was adopted, and then the whole report was adopted.

After the adoption of the report, which is here attached, the committee discussed several plans to meet the deficit of the last two fairs, which now amounts to nearly \$5,000, but arrived at no conclusion. In fact, as the small hours of the morning had approached, it was the opinion of some that this strategy of arranging for the deficit should be thrown out at a general mass meeting to be held in November, at which time a new set of fair officials will be elected. Just before the meeting adjourned, Messrs. Marron and Larnard desired to know what arrangement the Casino Amusement company had made to pay for the bar, lunch and soft drink privileges, and were informed by Mr. Greer that the Casino Amusement company would not pay one cent to the fair association for the privileges.

The committee's report. To the Executive Committee of the Twenty-fifth Annual Territorial Fair: Gentlemen—We, your committee, chosen for the purpose of auditing the books and accounts and examining in to the management of the Twenty-fifth Annual Territorial Fair, beg leave to submit the following report.

We have examined all the accounts, vouchers, checks, books and records of the said association for the 1905 fair, and have also taken the testimony of various witnesses, including the president, W. H. Greer, and the secretary, D. K. B. Sellers, relative to all matters pertaining to the management of the said fair, and after a thorough and complete investigation your committee finds as follows:

We find that the association for the year 1904 received for the bar privilege the sum of \$275; for the peanut, popcorn, candy and soft drink privilege, the sum of \$150, and for the lunch privilege the sum of \$30, making a total of \$455. We also find that none of these privileges were sold this year, and that they should have netted the association at least an equal amount, and that the secretary should be censured for his failure to dispose of same. We further find that these privileges were used this year by the Casino Amusement company, which is owned by Mr. W. H. Greer, without any intention of paying an equal amount for the use of the same, and we recommend that the Casino Amusement company be compelled to pay a reasonable amount for their use.

We find that the managers of previous fairs have been able to secure as much as six hundred dollars from outside sources for stake races, and that the Spring Racing association secured \$1,475 for such races, and we further find that the proper effort was not made this year to secure such races, and that the president and secretary should be censured for grossly neglecting this feature.

We find that the secretary should be censured for contracting and paying \$40 for two motor cycle races, when the sentiment of the executive committee was clearly and emphatically expressed against it.

We find that it was the expressed policy of the fair to make the fair a success for various features of the fair, without advising or consulting with the executive committee regarding the same, and we further find that the only appropriations authorized by the executive committee were those for base ball, bicycle races and fruit exhibits.

We find that the president and the secretary should have followed the policy adopted by the managers of previous fairs and waited until all bills against the association had been presented, before it could be determined whether or not it could be determined whether they could be paid in full, and we further find that there are at present checks outstanding to the amount of \$712.16, issued to parties outside of the city, for which there are no funds in the bank, and that several of these checks have been presented for payment and payment refused and the credit of the association greatly injured thereby.

We find that the secretary was extravagant in ordering goods shipped by express, which should have been shipped by freight.

We find that the subscription list this year was not as large as it should

have been, and that the proper effort was not made to increase the same.

We find outstanding a note against the association in favor of W. L. Trimble & Co., for \$100, signed by President Greer and Secretary Sellers, which is not included in the statement, and on which Mr. Trimble's subscription of \$50 this year is credited.

We find that the receipts from the race entries, privileges, concessions, subscriptions, Montezuma ball and gate and grand stand are correct, but inasmuch as money was received at some of the gates in lieu of tickets Thursday, Friday and Saturday, we are unable to make any further check in the cash receipts other than upward of \$300 was taken in by the ticket takers and turned over to the fair association.

We find that the telephone bill for \$6, the electric light and fan bill for \$13.20, and a bill for \$2.40 for framing two pictures, all used in the office of the Albuquerque Traction company, were not properly chargeable to the association, and should not have been paid, and we recommend that these amounts should be reduced to the association.

We find that of the twenty-two books of street car tickets, amounting to \$44, charged to the association, that fifteen of these were issued by authority of the secretary, and that the association should pay for the same. We are, however, unable to find any authority for the issuance of the other seven books, and we therefore recommend that the sum of \$14 be deducted from the amount of this bill.

We find that the following bills were not properly chargeable to the association, and have been rejected by the secretary: Zeigler's cafe, for mounted police, \$9.10; Dr. Carns, for attending injured fireman, \$25; W. Y. Walton, medicine for injured fireman, \$2; T. N. Wilkerson, expenses, \$3.

We find that the following bills should be and were reduced by the secretary, the following amounts: M. Nash, \$9.50; John Cornetto, \$7.88; Oakley Clifford, \$9.50; H. R. K. B. Sellers, \$2.25, making a total of all bills reduced and rejected, of \$210.08.

We submit herewith a statement showing the receipts and expenses of the fair for this year, as well as the deficit of the fair of 1904:

Respectfully submitted—

D. A. MACPHERSON, Chairman.

W. T. MCCRIGHT, Vice President.

P. F. MCCANNA, Secretary.

FELIX H. LESTER, Treasurer.

H. BRIGGS, Investigating and Auditing Committee.

ROCK ISLAND IS HAULING 60,000 SHEEP TO COLORADO

Thad. Van Horn, traveling freight and passenger agent for the Rock Island, arrived from his headquarters at El Paso this morning and is spending the day in the city with local shipper of live stock and merchandise. Mr. Van Horn speaks enthusiastically of the business of his road, both past and present, and the general prosperity of the southwest country, which is vividly reflected from the business of the railroads. The freight business of the Rock Island has increased about two fold during the past year and the passenger business has also made a large increase over the business of a year ago.

The movement of about 60,000 sheep from Mexico to Colorado is at present taxing the freight depart-

ment's equipment in Colorado, New Mexico and Texas. These sheep are moved to Colorado and fed during the winter on the best pulp coming from the best sugar factories located in the Greeley district.

HERO OF BALTIMORE, SIDNEY BIEBER, VISITS ALBUQUERQUE

Sidney Bieber, whom the Washington and Philadelphia papers pictured as one of the heroes of the Baltimore fire of February, 1904, is in Albuquerque to remain probably permanently or until he may recover from tuberculosis of the left lung, which is the result of a cold contracted the night of the Baltimore conflagration.

Mr. Bieber was five months at Washington, D. C., and went to the rescue of the city of Baltimore the night of the fire. Congress recognized his work, and the federal law governing disabled firemen, rewarded him with a pension of \$50 a month for life. Mr. Bieber came west in search of health, and has spent the past nine months at the Fort Stanton sanatorium. He is confident of recovering his health in the southwest and is quite favorably impressed with Albuquerque as a good place to live.

ST. JOHN'S GUILD ELECTS OFFICERS

There was a regular meeting of St. John's Guild of the Episcopal church yesterday afternoon at Guild hall. The most important business of the afternoon was the election of officers for the ensuing year. Those who will conduct the affairs of the guild for the next year are: Mrs. H. E. Fox, president; Mrs. Felix H. Lester, first vice president; Mrs. J. A. Hubbell, second vice president; Mrs. A. M. Webster, secretary; Mrs. A. A. Keen, treasurer.

Largest Bond Contract in the World.

E. H. Kent, the agent of the National Surety company, in this city, gives us the interesting information that his company has just closed a contract with the Modern Woodmen of America for guaranteeing the honesty of over 32,000 local lodge officers, covered by one bond. It is the largest bond in the world, and is a very bulky document, the entire bond weighing approximately fifty pounds.

GANG OF THIEVES IMPORTED FOR ELECTION

New York, Oct. 13.—That gangs of thieves have been imported to New York to register for the fall election in the lower east side, was a statement made today by a prisoner who was arrested after a series of bold assaults and robberies had been committed in the streets. The police charge that the thugs registered falsely, and they believe that they have a political license to rob and plunder.

INTERESTING AND AGED FOSSILS ARE FOUND.

Youngstown, O., Oct. 13.—While excavating for the Garfield sewer many interesting finds were made during the last few days. The workmen struck a stratum of soft shale, which frequently contains carboniferous deposits. Among the fossils found were many carbonized remains of ferns and other plants of the carboniferous period, and some remarkably well preserved specimens of Lepidodendra, tree ferns and sigillaria, characteristic of the carboniferous period.

SIMPSON WILL NOT ENTER POLITICS IF HE RECOVERS.

Wichita, Kan., Oct. 13.—Ex-Congressman Jerry Simpson, denied that he has disposed of his New Mexico land holdings. His wife recently sold a claim there for \$1,100. Simpson says that he never will re-enter politics if he recovers sufficiently to attend to any business matters. His condition shows no improvement today.

FORMER CHICAGO ALDERMAN DEAD AFTER LONG ILLNESS.

Chicago, Oct. 13.—James J. McCarthy, known better as "Buck," McCarthy, a former alderman of the stock yards district, died today after a long illness. He was a famous figure in the politics of the city a decade ago.

ANOTHER OFFICIAL IN RUSSIA ASSASSINATED.

Kisheneff, Bessarabia, Russia, Oct. 13.—M. Ossovsky, the assistant chief of police here, was assassinated today. He was held to be largely responsible for the massacre of the Jews in 1903, and for the recent anti-Jewish disturbances.

POOR WAGES TO MAN HANDLING MILLIONS

Pittsburg, Oct. 13.—Investigation of the recent Adams Express company robbery brought to light the fact that G. E. Cumfries, who disappeared with \$100,000, though he handled perhaps a million dollars a year, was paid only \$55 per month salary, and was under only a \$2,000 bond.

CERTAIN RESULTS.

Many Albuquerque Citizens Know How Sure They Are. Nothing uncertain about the work of Dean's Kidney Pills in Albuquerque. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical sufferer. Read the following statement:

B. H. Thomas, rooming house 509 South Second street, says: "I have read somewhere that backache was generally an indication of kidney complaint, and when there was added to it trouble with the bladder, I knew the signs were unmistakable. When I contracted a cold both these annoyances existed and for eight months, if one attack ceased, another was sure to follow, so that I can consistently say I was almost bothered continually. I finally went to the Alvarado pharmacy for Dean's Kidney Pills and took the remedy. It did exactly as promised—stopped the annoyance very promptly and effectively."

GARCIA NOT GUILTY OF HORSE STEALING

JURY OUT BUT A SHORT TIME—CASE OF TERRITORY VS. FARMER RESULTS IN HUNG JURY.

The only criminal case before the district court today was that of the territory vs. Santiago Garcia, charged with horse stealing. The case occupied the attention of the court all of this morning and a short time this afternoon, when it was given to the jury. The body remained out but a short time and returned a verdict of not guilty. Garcia was charged with stealing a horse from one Felix Mora, residing on a ranch in the Chilli country. Attorneys B. S. Rodey and Modesto Ortiz conducted the defense.

Yesterday afternoon the jury in the case of the territory vs. H. J. Farmer, charged with a deadly assault upon the person of Homer D. Stitzer, after being out for several hours, disagreed and was discharged.

It is now believed that the jury will try only one more criminal case at this term and will be discharged, which will be tomorrow.

A. J. COCHRAN MARRIED AT MUNHALL, PA.

Announcements have been received in Albuquerque of the marriage of A. J. Cochran and Miss Ada Lauretha Jones. The bride is the daughter of Mr. and Mrs. Henry Jones, of Munhall, Pa., where the wedding took place on the 10th of October, and the groom is from Dawson, Pa., near where he has extensive coal and coke enterprises. Mr. Cochran is well known in Albuquerque, having spent the greater part of two winters in the city with an invalid son, and Miss Jones spent several months in the city last winter, residing on West Railroad avenue.

NOT YET READY TO BE CHLOROFORMED BY OSLER.

London, Oct. 13.—The London Vegetarian association met here today at Memorial Hall, to consider the question of when old age begins with man. Nearly one hundred men, between eighty and ninety, who are still engaged in literary, medical, agricultural and other work, are in attendance, and will discuss the question from their own individual standpoint, while prominent physicians will treat the subject from the purely objective standpoint of science. The meeting and its purpose have been considerably ridiculed by the press and the public in general and it is doubtful that the meeting will reach any solution of the problem.
